

KAMPERS KORNER GUIDELINES (Kabin Expectations)

Purpose: To create a safe online camp environment for campers, alumni, staff, and members of the community. We want the Kampers Korner community to be a place where participants respect themselves, other people and the environment/community in general.

The Guidelines:

- Be respectful of other people's ideas and opinions (just because you disagree doesn't make either individual right or wrong)
- When commenting on Kampers Korner posts respectful language will be used at all times, including in profile names.
- No profanity either in comments, emails or videos submitted to Kampers Korner.
- Respectful clothing should be worn in videos or images submitted to Kampers Korner.
- Constructive criticism is welcome as long as the language is respectful.
- We cannot guarantee that all submissions will be read/displayed although we will try to show as many as possible.
- Submitting something to Kampers Korner through email or other gives us permission to share it in our videos or other posts.
- Kampers Korner will remove any content posted to our pages that does not conform with our guidelines. Also no submissions will be shared that do not conform with the guidelines.

If you have any questions or concerns about our guidelines please get in touch with either Nick Taven - Camp Director or Kristen Palagian - Assistant Director
